

# TECHNICAL DATA SHEET

The Wall-E-Cover, where every vent is covered! Our wall vent covers solve a problem that traditional exhaust vents allow- wildlife entering your home. We have a wide product lineup of home exterior vent covers that prevent wildlife entry into your home through your exhaust vents. This cover is non-rusting, powder coated galvanized steel with a cosmetically appealing finish for all areas of your home or building exterior. It features a fold and play design for easy installation.

The design eliminates bird and mice nesting and costs incurred by wildlife gaining access to your home through your plastic exhaust vents.
